Eex Dining Table

The Eex dining table draws inspiration from the letter X—an iconic symbol of balance and support. Its four connecting points create a distinctive silhouette, offering visual interest and stability.

Plastic and metal components seamlessly blend into a unified, elegant form. The tabletop has a light, elegant outline with no sharp corners or edges. Its smooth surface allows water and dew to slip away easily, making it ideal for both indoor and outdoor use.

Designed in Switzerland by Simone Viola. Produced by international furniture manufacturer TOOU. Available in black or white, with a choice of round or square tops.
